Excellence in ENT

We’ve gone fully Virtual!

14-19 September 2021
Online via asm.asohns.org.au

ASOHNS
71ST ANNUAL SCIENTIFIC MEETING

#asohns2021
Welcome

The Australian Society of Otolaryngology Head and Neck Surgery (ASOHNS) Annual Scientific Meeting has been converted to a fully Virtual Meeting.

With consideration for the recent lockdown extensions in Victoria, and further lockdowns and border closures across Australia, the ASOHNS’ Council Federal Executive has made the difficult decision to cancel the face-to-face component of the meeting, converting it to a fully Virtual Meeting.

We hope you can join us for engaging educational sessions covering the breadth of our surgical specialty as well as an understanding of some of the non-technical aspects of practice.

The organising committee have put together a program reflecting cutting-edge developments in our field, and sessions about surgical professional development and optimising our patient’s outcomes in all aspects of their ENT care, both in emerging areas and in our routine day to day practice. We will also be running an ENT Physicians Workshop and Indigenous Health Workshop.

We look forward to your participation in the Virtual Meeting.

Keynote Speakers

Dr Sujana Chandrasekhar
Otolaryngologist, New York Eye and Ear Infirmary of Mount Sinai, The Mount Sinai Hospital, New York, USA

Dr Kate Heathcote
Consultant Otorhinolaryngologist, Poole Centre for Voice, Airway and Swallow, Poole Hospital, Dorset, United Kingdom

Dr Marci Lesperance
Professor of Otolaryngology-Head and Neck Surgery, University of Michigan, Mott Children’s Hospital, Ann Arbor, USA

Professor Kris Moe
University of Washington, Harborview Medical Centre, Seattle, USA

Registration Information

Virtual Registrations remain open

Virtual registration will ensure delegates have access to the full meeting, regardless of their geographical location.

Includes:

- Access to all live and pre-recorded sessions during the ASM
- Access to exclusive on-demand content, available for 12 months post-Meeting
- Access to all e-Poster presentations
- Access to the virtual exhibition

As the meeting is now fully virtual, and with careful management of venue and event bookings, registration fees have been reduced. Please find the revised fees below.

If you have previously registered for the ASOHNS Virtual Meeting, a refund of the difference of registration fees will be processed post Virtual Meeting. You are not required to do anything. Please allow up to 4 weeks post-event for this refund to be processed.

Please note:

- All costs are in Australian dollars and are inclusive of GST.
- Member rates only apply to members of the Australian Society of Otolaryngology Head and Neck Surgery. If you are a NZSOHNS member, international surgeon or not a member of ASOHNS, the Non-Member registration fee applies.
- Medical student rates only apply to those enrolled in a medical degree in Australia or New Zealand.
- Pre-SET junior doctors must register under the Registrar/Junior Doctor category.

Plasma Technology
SATURDAY 18 SEPTEMBER 2021 (CONT’D)

8:45am - 11:15am
PLENARY SESSION 1
Chairs: Upasna Pratap and Patrick Guiney

8:45am Acknowledgement of country and ASOHNS President Welcome – Suren Krishnan
8:55am Conveners Welcome – Zenia Chow and Deborah Amott
9:00am “It only takes one mosquito in the tent”: The relationship between high conflict personalities, bullying, and cultural impact on teams – Paul Gretton-Watson
9:25am Reinventing your career in ENT. Maintaining a Work-Life Balance and Pathways to leadership – Sujana Chandrasekhar
9:50am New endoscopic techniques – Kris Moe
10:15am Training Update – Niell Boustred
10:30am ASOHNS data registry update – Philip Fisher
10:40am Aboriginal and Torres Strait Islander ENT Update – Stephen O’Leary

11:30am - 1:30pm
PAEDIATRIC SESSION 2
Chair: Sarah Morrison

11:30am Paediatric hearing loss investigation & management - Beyond newborn screening
Elizabeth Rose
12noon Paediatric head and neck masses & malignancy
Eric Levi
12:30pm OSA in children: Beyond tonsils
Sarah Morrison

11:30am - 1:30pm
RHINOLOGY SESSION
Chair: Yi Chen Zhao

11:30am Endoscopic trans orbital approach to the skull base
Kris Moe
12:15pm Changes in microbiome after sinus surgery
Peter John Wormald
12:30pm EPOS2020 and the role of biologics in CRS
Richard Harvey
12:45pm Phage therapy for CRS - Personalizing medical treatments for sinusitis patients
Alkis Psaltis
1:00pm Panel Discussion: Interesting cases in Rhinology
Richard Harvey, Alkis Psaltis, Peter John Wormald and Joanne Rimmer

11:30am - 1:30pm
HEAD AND NECK SESSION 2
Chair: Ben Dixon

11:30am Welcome
Ben Dixon
11:32am Head and Neck Reconstruction
Hubert Low
11:52am Establishing an ENT Microvascular Reconstructive Service in a Hostile Surgical Environment
Andrew Foreman
12:12pm Nerve monitoring in ENT-: The current evidence and future techniques
Catherine Sinclair
12:32pm TORS and PORT for HPV OPC - It’s time for a new protocol
June Corry
1:02pm Panel Case Discussion: The role of surgery and indications for adjuvant therapy in HPV related OPSCC
June Corry, Alesha Thai, Julia Crawford and Andrew Foreman

SUNDAY 19 SEPTEMBER 2021

8:30am - 8:55am
SMITH & NEPHEW WEBINAR

8:30am Intracapsular Tonsillectomy - Proudly supported by Smith & Nephew – Dan Tweedie

9:00am - 10:15am
PLENARY SESSION 2
Chair: Amanda Richards

9:00am AAO Potpourri – Sujana Chandrasekhar
9:25am Virtual Care in Otolaryngology – Marci Lesperance
9:50am Laryngeal Reinnervation in the Treatment of vocal fold palsy – Kate Healkeste
Program Overview (Cont'd)

SUNDAY 19 SEPTEMBER 2021 (CONT’D)

10:30am - 12:50pm
PLENARY SESSION 3
Chairs: Bridget Clancy and Eric Levi

10:30am  Cultural intelligence: Engaging more effectively with diverse colleagues, patients and communities – Rebecca Forgasz
10:55am  Diversity Update – Bridget Clancy
11:15am  Women in Otolaryngology - Towards inclusion and excellence – Marci Lesperance
11:40am  Panel Discussion: Moving Forward with Diversity and Inclusion – Moderator: Raymond Sacks / Panellists: Olivia Ruskin, Payal Mukherjee, Niell Boustred and Kelvin Kong
12noon  Jean Littlejohn Prize – David Hurty
12:05pm  AJO Pries for Best Article – Richard Harvey
12:10pm  ASOHNS Awards 2021 and RMS Rural Surgery Award – Suren Krishnan
12:15pm  Garnett Passe and Rodney Williams Memorial Foundation – William Coman AM
12:25pm  ASOHNS Annual Scientific Meeting 2022 - Adelaide – Guy Rees
12:35pm  Close of Meeting – Zenia Chow and Deborah Amott

On Demand Presentations

ENT PHYSICIAN

Dr Michael Nasserallah
Efficacy of probiotic gargles in reducing post-operative complications in adult post-tonsillectomy patients: A pilot, double-blind, RCT and feasibility study

GENERAL

Dr Rhea Daniel
Early results from the Microinequities in Medicine (MIME) Study - Are surgeons doing enough?

Professor Christine Goumni
QF and the Johns Hopkins Experience

Dr Kate Heathcote
In-office procedures and transoral oesophagoscopy

Dr Serge Lats
NT treatment of malignancy

Professor Kris Moe
Skull base – computer planning, analytics, approaches to orbit

Ms Agani Ratna Yake Kumar
Ethnicity, deprivation and access to endoscopic sinus surgery - Waikato, New Zealand

Dr Kamil Wiegrzeka
ENT emergency department presentations in the COVID-19 era

HEAD AND NECK

Dr Jennifer Chen
Head and Neck Cancer metastases to Percutaneous Endoscopic Gastrostomy (PEG) Site

Dr Jennifer Chen
Facial nerve outcomes and recurrence rates in pleomorphic adenoma/s - A 10 year analysis on 338 patients.

Dr Lachlan Cook
Delays in time to Treatment for Head and Neck Cancer: The Finders Experience

Dr Stephen Crouch
Staged neck dissection prior to trans-oral surgery provides a safe and effective treatment paradigm for early oropharyngeal carcinoma

Mr Jonathan Daniel
Enhanced recovery after surgery (ERAS) protocols in Trans-Oral Robotic Surgery (TORS); goal-directed recovery impacting on length of stay in a large teaching hospital

Dr Andrew Foreman
Establishing an ENT Microvascular Reconstructive Service in a Hostile Surgical Environment

Dr Yuen Hin Heidi Fung
Feasibility of active surveillance in T1a and T1b Papillary Thyroid Carcinoma

Dr Johnson Huang
TransAGH/JO, oral robotic surgery: A safe and effective tool in head and neck surgery in an Australian rural setting

Dr Nina Irawati
Outcomes after definitive treatment for head and neck angiosarcoma: A retrospective analysis from tertiary hospitals and review of literature

Dr Seraphina Tze Manne Key
Systematic review and meta-analysis of cervical metastases in oral maxillary squamous cell carcinoma

Dr Belen Kornfeld
Otolaryngology driven Percutaneous Endoscopic Placement of Gastrostomy Tubes as part of an integrative Head & Neck Cancer service

Dr Giri Krishnan
Metastatic and sentinel lymph node mapping using intravenously delivered Panitumumab-IRDye800CW

Histological SECTION

Dr Kimberley Bradshaw
Notable Women in Otolaryngology, Head and Neck Surgery Throughout History

Dr Jennifer Chen
Perfect pitch through the ages: A rare auditory phenomenon

Dr Jed Hughes
All the light we cannot see: The invention of the lightbulb and its influence on ENT practice

Dr Alan Taylor
From wipeout to drill out – The history of the management of exostoses and its impact on the Australian surfing community

Dr Lism Travers
Antonio Valsalva – A gentleman, humanitarian and pioneer of human ear anatomy

Dr Michael Zhang
Vinegar throughout the ages - Not just a household cleaner.

Dr Yuen Yin Heidi Fung
Feasibility of active surveillance in T1a and T1b Papillary Thyroid Carcinoma

Dr Belen Kornfeld
Otolaryngology driven Percutaneous Endoscopic Placement of Gastrostomy Tubes as part of an integrative Head & Neck Cancer service

Dr Giri Krishnan
Metastatic and sentinel lymph node mapping using intravenously delivered Panitumumab-IRDye800CW

On Demand Presentations (Cont’d)

Dr Giri Krishnan
Fluorescent molecular imaging can improve intraoperative sentinel margin detection in oral squamous cell carcinoma

Dr Giri Krishnan
A novel lymphotropic magnetic tracer for sentinel lymph node biopsy in oral squamous cell carcinoma: Results from a phase 1 clinical trial

Dr Matthew Kwok
Surgeon performed ultrasound in a Head & Neck Surgical Oncology Clinic - Saving time and improving patient care

Dr Lawrence Oh
Effect of age and gender in non-smokers with oral squamous cell carcinoma: Multi-institutional study

Dr Lawrence Oh
Young age is not a predictor of disease specific survival in oral cancer: A multi-institutional study

Dr Lawrence Oh
Elective neck dissection versus observation for early-stage oral squamous cell carcinoma: Systematic review and meta-analysis

Dr Daniel Phung
Effects of Named Nerve Perineural Involvement in Head and Neck Cutaneous Squamous Cell Carcinoma

Dr Jamil Manji
Transoral Robotic Surgery As A Single-Modality Treatment For Primary Oropharyngeal Squamous Cell Carcinoma: The Melbourne Experience

Dr Nayefin Reyes-Chicueuller

Dr Mario Tapia Cespedes
Impact on surgical management of Surgeon&#8217;Performed Ultrasound in patients with thyroid cancer and lateral neck lymph nodes metastasis

Dr Mario Tapia Cespedes
Negative predictive value and clinical impact of [18f]FDG PET/CT imaging in primary staging of oropharyngeal squamous cell carcinoma for planned transoral robotic surgery

Dr Sarju Vasani
First ever occult HPV-driven oropharyngeal squamous cell carcinoma discovered through a saliva test

ASOHNS Virtual Meeting
14-19 September 2021
Online via asm.asohns.org.au

We’ve gone fully Virtual!
### LARYNGOLOGY

Dr. Samantha Jarosch  
Intravenous reversal of injection thyroplasty following dental procedure

Dr. Emma Karanagamagam  
Airway Manifestations and Considerations of Mucoepidermoid Carcinoma

Dr. Jemma Perrett  
Connective tissue disorders among patients with subglottic stenosis

### NEURO-OTOLOGY

Dr. Lorne Green  
Management of Facial Nerve Palsy After Blunt Temporal Bone Trauma: Experience from a Level 1 Victorian Trauma Centre

Dr. Thomas Hendriks  
Oligogenic Meningitis and Spontaneous Cerebrospinal Fluid Leaks of the Temporal Bone

Miss Tayla Ramrooksi  
Four-point impedance as a biomarker for bleeding during cochlear implantation

Dr. Kamil Wegrecki  
Machine learning and an Australia-wide database for Meriviere’s disease

### OTOLARYNGOLOGY

Dr. Fiona Chen  
Anacoustic Ears in Otic Capsule Disrupting Petrous Temporal Bone Fractures- A review of cases from a tertiary trauma centre

Dr. James Connell  
Auditory Neuromodulation tinnitus therapy: An innovative sound-based treatment

Dr. Kieran Dunne  
An Audiologist Pathway for post-operative follow-up of tympanostomy tube insertions – Review of patient satisfaction and Health Expenditure

Dr. Al-Rahim Habib  
Tele-otology in Aboriginal and Torres Strait Islander children: A 10-year retrospective analysis of 13,672 ear examinations from the Northern Territory, Australia

Dr. Al-Rahim Habib  
DrumBeat.ai: An artificial intelligence (AI) algorithm to triage paediatric Indigenous ear disease using otoscopic images

Dr. Al-Rahim Habib  
Automating otoscopy: A systematic review of artificial intelligence algorithms to diagnose ear disease using otoscopic images

Dr. Al-Rahim Habib  
Agreement between otolaryngologists to classify otitis media from otoscopic images in Aboriginal and Torres Strait Islander children

Mr. John-Charles Hodge  
FiveQ: a new easy-to-use validated clinical instrument for tinnitus severity

Dr. Al-Rahim Habib  
Machine Learning In Cochlear Implant Outcomes

Dr. Benjamin McOwan  
Outcomes in Revision Stapes Surgery: Ionomeric Bone Cement vs Malleostapedotomy in Incus Necrosis

A/Prof Payal Mukherjee  
Precision Medicine in Otosclerosis

Dr. Thomas Placanica  
Optimal timeframe for the management of idiopathic sudden sensorineural hearing loss with hyperbaric oxygen

Dr. Eren Tan  
The relationship between cochlear volume and four-point impedance in cochlear implantation

### PAEDIATRIC

Dr. Clemente Chia  
Cost Minimisation Analysis of Polysomnography and Pulse Oximetry in a Risk Stratification Protocol for Paediatric Adenotonsillectomy

Dr. Bridget Clancy  
Safe tonsillectomy for Rural Australian Children: A healthcare design challenge

Dr. Aaron Esmaeil  
Laryngeal electromyography for vocal fold palsies – A modified technique in the Australian paediatric population

Dr. Jennifer Ha  
LARYNGEAL ELECTROMYOGRAPHY IN THE PAEDIATRIC POPULATION: A REVIEW

Dr. Jennifer Ha  
DYSPHAGIA IN LARYNGOMALACIA: A PROSPECTIVE COHORT STUDY

Dr. Seraphina Tze  
Paediatric tonsillectomy and adenotonsillectomy in a rural setting: A retrospective study over a period of six years

Dr. Marci Lesperance  
Paediatric OSA – Guidelines and Gaps

James Leung  
Increased Rates of Peanut and Tree Nut Aspiration as a Possible Consequence of Allergy Prevention by Early Introduction

Dr. Anna Megow  
Ten Years of Paediatric Airway Foreign Bodies in Adelaide

Gillian Nixon  
Paediatric tonsillectomy readmission rate – DHHS study

Dr. Soo Ji Park  
Paediatric Button Battery Ingestion: A Queensland Case Series

Dr. Katherine Pollaers  
Re-thinking congenital piniform aperture stenosis: A modern imaging review demonstrating narrowing of the full length of the nasal cavity in patients with this diagnosis.

Dr. Jeremy Rajanayagam  
Gastroenterology in ENT: Paediatric eoe and dysphagia

Dr. Al-Rahim Habib  
Is there a case for targeted congenital CMV screening in Australia?

Dr. Alan Taylor  
Traumatic paediatric tracheal rupture after blunt force sporting injury: case report and review of the literature

Dr. Dean Tey  
Allergy in ENT: Allergic rhinitis and desensitization

### RHINOLOGY

Dr. Kimberly Bradshaw  
New insights into nasal airflow via Computational Fluid Dynamics (CFD): Transient versus Steady State Airflow and the Respiratory Cycle

Dr. Cameron Crigg  
ProHiT – A cohort prospective trial of oral Propranolol in Hereditary Hemorrhagic Telangiectasia patients

Dr. Jed Hughes  
Risk Factors and Management Outcomes in Epistaxes

Dr. Jacqueline Hu  
Comparison of histopathological changes with mepolizumab and benralizumab biologics in eosinophilic chronic rhinosinusitis

Dr. Jacqueline Hu  
Clinical features of responders and non-responders to mepolizumab in eCRS
